LinkedIn:

Nationality: AFGHANISTAN

Education:

- ❖ Master Degree in Chemistry, School of Chemistry, Nanjing Normal University, Nanjing, P.R China, China (September 2018- June 2021).
- ❖ Chinese language: HSK (Level IV) 汉语水平考试 (四级), International College for Chinese studies, Nanjing Normal University, China. Session September 2017-June 2018.
- ❖ Bachelor BS (Hons) in Chemistry: Herat university Science Faculty Chemistry Department. Session 2011-2014.

Summary:

- A highly motivated researcher with experience in the subject of chemistry.
- Extensive research experience as a supervision the field of chemistry.
- Excellent communication, teamwork, and writing skills developed through previous research work.

Research Experience:

Supervisor: I did master degree under the supervision of renowned scientist Professor. Dr. Yangweiben, School of Chemistry and Material Sciences, Nanjing Normal University, China.

Master Degree Research Projects: Integrated R and D engineering demonstration of algae mud and sludge resource utilization technology.

Technical skills:

- Flocculation.
- Waste water treatment flocculants.
- Physical and chemical properties of algal mud and sludge and identification of typical pollutant.

Scholarships: I avail and awarded the prestigious CSC fellowship for Master study, 2017-2021.

Practical Experience

- ❖ 2006- 2007: Worked as supervisor in ACCOR interweaving organization at Tivisk Tivisk village, Farah, Afghanistan.
- ❖ 2008- 2010: Worked as a science teacher at Nambartwo high school.
- ❖ 2014 - 2020 work as teacher assistant in agriculture faculty of Farah University.
- ❖ 2020- Up to date from 15th September 2021 up to date I am working as voice Dean of Education faculty of Farah University.

Certificates awarded during my academic carrier.

- 2010- 2012 pass (LCEP II) In UN – Habitat Farah branch, by facilities position.
- For four days. – 2012 Pass (Learning for Community Empowerment Program M2-LCEP2). In UN – HABITAT.
- 2012- 2014-pass the (Wastewater treatment Course) by GIZ in ACCI (Afghanistan Chamber Commerce & Industries) Herat branch.
- 2015-Achievement of Letter of Appreciation from Science faculty of Herat University.
- 8/2/2015 Achievement of Letter of Appreciation from the Information and Culture Department of Herat province.
- 1/3/2017 Achievement of certificate from ministry of Higher Education for participation in 5 days' workshop for capacity building of new higher education's institutes.
- 24th April 2019 awarded as best speaker in Cultural activity of science and technology simulated international Academic Conference, Nanjing Normal University, Nanjing, P.R China.
- 14/10/2020 Achievement of a third degree certificate from Farah Province governor for providing support for COVID – 19 patients in Farah University.
- 18/12/2020 Achievement of Certificate from Youth and New Generation Jirga (Council) for activity in supporting Peace process in.

Languages proficiency:

- English: Both written and spoken skills
- Pushto: Being the mother language of the candidate
- : Being the national language
- Chinese: HSK (Level IV) 汉语水平考试 (四级).
- Studied one-year Chinese language at International College for Chinese studies, Nanjing Normal University, China.

Referees:

1. Prof. Dr. Professor. Dr. Yangweiben, School of Chemistry and Material Sciences, Nanjing Normal University, China.
